Will Ask for Tax If Needed, Faubus Says

LITTLE ROCK (AP)—Gov. Orval E. Faubus says he isn't politically afraid to ask for a tax raise to lift the State Police department from its financial dilemma—but the question is, "can it be justified?"

Faubus said he has received numerous letters since activities of state police were curtailed in an economy move and that most want an expansion of services, rather than a cutback.

But, the governor said, they can't agree on how the expansion can be brought about.

Faubus said he felt a tax raise was the only solution to the problem, but right now his attitude is to "wait and see."

The governor dismissed questions about whether the 1963 General Assembly had been informed of the need for more funds for the department by citing two moves he said brought the situation to light.

One was the attempt to raise the cost of driver licenses from \$2 to \$3 with the anticipated additional revenue of some \$800,000 earmarked for State Police. The other was a speech on the Senate floor by Sen. Lee Bearden of Leachville, which Faubus described as "widely covered in newspapers."

On the recent query of St. Francis County Rep. Clark Kenney why the legislature wasn't informed of the need for funds, Faubus said he believed State Police Director Herman Lindsey had brought the matter out in budget hearings.

No Selection for AIDC Head

LAKE VILLAGE, Ark. (AP)—Winthrop Rockefeller, chairman of the Arkansas Industrial Development Commission, said the IDC did not make a decision today on who will replace William P. Rock as executive secretary.

He said the AIDC had "eight or 10 applications" and voted to continue taking applications for the next 10 days. He said the group would make a decision on a new secretary May 24.

The AIDC had no other pressing business before it, Rockefeller said, and took no other action. He said a proposed advertising contract was not acted upon because the present one does not expire until July 1.

Sub Mystery Not Likely to Be Solved

WASHINGTON (AP)—The Navy had scant hope today of ever unraveling the full mystery of America's greatest submarine disaster—the sinking of the nuclear-powered Thresher with 129 men in the deadly depth of the sea.

"We will never know what went on within the submarine," said Adm. George W. Anderson, chief of naval operations, after announcing sadly and reluctantly Thursday that the Navy had given up the ship as lost.

But the Navy launched an exhaustive campaign to find out what it could—the condition of the ship before the disaster, the condition of the ship now. A Navy court of inquiry gathered at Groton, Conn.

Secretary of the Navy Fred Korth acted to still "rumors and speculation" that any of the 129 may be alive, trapped in the Thresher's hull more than 8,000 feet under the Atlantic.

He issued a statement Thursday night after the submarine Sea Wolf radioed that its sound gear picked up what appeared to be hull noises from a stationary object in the area in which the Thresher was heard from last, at 9:17 a.m. Wednesday.

Korth said he had the "unequivocal assurance of all those in a position to know, including the chief of bureau of ships, the commander Submarines Atlantic, and the search and rescue commander on the scene, that in waters of this depth, there is absolutely no possibility that there might be survivors."

The Atlantic Fleet Headquarters at Norfolk, Va., said that it was possible the Seawolf heard "the transmission of search units over the horizon, which were trans-

ferred by bottom-bounce."

In his formal declaration, Korth expressed a "fervent hope that the rumors and speculation which have already begun will cease, providing the bereaved families a more stable climate in which to compose themselves and endure their grief."

In New London, Conn., the widow of the Thresher's skipper, Lt. Cmdr. John W. Harvey, spoke

the gratitude of the families of the men aboard her husband's ship for the prayers and messages of concern.

Mrs. Harvey, mother of two boys, 11 and 8, said "our men have been lost performing the duty they chose and their

of life, in the service of their country, and dedicating their efforts to our objectives of peace in a free world."

The Navy, its flags ordered

flew at half mast until sunset

Monday, went on with the job of trying to learn what happened to the Thresher, which had been the fastest and deepest diving member of its fleet of nuclear

submarines.

Anderson denied Thursday any

connection with the ring, saying

"I am in no way involved . . .

and have never purchased a car

from any of the individuals involved."

Cason said, "I know nothing about it."

2 Indicted in Used Car Operation

HOT SPRINGS, Ark. (AP)—Two Hot Springs men indicted by a federal Grand Jury in connection with the alleged operation of a car theft ring have posted bonds before U.S. Commissioner Sigur Rasmussen at Hot Springs.

Hot Springs Attorney Sam Anderson and Forrest D. Cason, two of nine men named in the indictments, posted \$1,000 and \$5,000 bonds respectively and were released.

The indictments included 28 counts of interstate transportation of stolen cars, 28 of concealing and/or re-selling stolen property and one of conspiracy.

The ring allegedly involved theft of some 30 cars in Ohio, Illinois, and Louisiana and their sale in Arkansas.

Others named in the indictment were Winfred Lee Angel, charged in 12 counts returned by the jury after its session this week in Fort Smith; Roy Edward Paulson, William Charles Palmer and D. L. Mooney, all of Hot Springs; Joseph Francis Newman, Darius Junior Woody and Foster Earl Imhoff, all of Ohio.

Newman was charged with stealing and transporting cars to Hot Springs; Paulson with removing serial numbers from cars, taking them to Hot Springs and selling them; Angel with stealing cars, taking them to Hot Springs, removing serial numbers, receiving cars and aiding in selling them.

"We were all in bed," said Henry. "We were awakened by the sound of the explosion and rushed out. There was this fire in the living room.

"We got the baby out of her room. Then I woke up Mr. Diggs and dashed water on the fire."

Henry said the bottle smashed a picture window in the living room and set draperies on fire.

"About 10 minutes later the fire department came. Then policemen came to investigate," Henry said.

Palmer with removing serial numbers and transporting cars to Hot Springs; Mooney with removing serial numbers; Woody and Imhoff with stealing cars and Casper with taking cars to Hot Springs, receiving them, hiding cars or selling them.

Anderson denied Thursday any

connection with the ring, saying

"I am in no way involved . . .

and have never purchased a car

from any of the individuals involved."

Cason said, "I know nothing about it."

No End to Missile Plant Strike Seen

WASHINGTON (AP)—"We don't have a settlement in sight" says the federal mediator presiding over negotiations between the AFL-CIO Machinists Union and the Boeing Co., producer of the Minuteman missile.

However, Director William E. Simkin of the Federal Mediation and Conciliation Service added, "Meetings are continuing."

It was also reliably reported Thursday that the union has told the government it intends to strike at midnight Monday unless settlement terms it can recommend to the workers are available or the company agrees to arbitrate contract differences.

The union's chief negotiator, Roy Siemiller, declined to confirm that a formal strike date has been set. But he acknowledged that "We have a long way to go."

The company is balking at the union's demand for a union shop and considers its wage increase demands excessive.

An 80-day no-strike injunction obtained by President Kennedy is due to expire Monday in mid-afternoon.

Boeing has about 50,000 employees. Its principal plants are at Seattle, Wash., and Wichita, Kan.

This photo of the Delight Egg Farm Depot was made this week and completion is almost at hand. The project is part of the \$225,000 egg production and processing plant which the Delight folks are hopeful of opening about May 1.

Gas Bomb Hurled at Negro Home

CLARKSDALE, Miss. (AP)—Night riders hurled a flaming Molotov cocktail—a softdrink bottle filled with gasoline—early today into a Clarksdale home where Rep. Charles Diggs, D-Mich., was staying.

No one was injured.

Diggs, a Negro, is in Mississippi on a fact-finding probe into racial problems.

He was staying here with Aaron Henry, a druggist and state president of the National Association for the Advancement of Colored People.

A radio operator on duty at the Clarksdale police station told newsmen he knew nothing of the incident. But he said he had received a fire call from the home where Henry lives.

Henry said police officers had been at his home investigating.

Diggs declined immediately to comment on the incident. He arrived here three days ago to study the Negro vote registration drive at nearby Greenwood, where arrests have been made.

The state board said Herbert Dawson of Newark, chairman of the county board, and R. M. Weaver of Salado, should not be serving on the board because they also are members of local school boards.

Mrs. Hanford Magness of Newark and Mrs. C. W. Cobb of Batesville were appointed by the state board to replace them, but were not present at Wednesday's meeting, at which Dawson served as chairman.

PARAGOULD, Ark. (AP)—A hearing scheduled for today on a proposed decertification election was postponed because of an unfair labor practices complaint filed against Emerson Electric Co. by the Electrical Workers Union.

The union charged that Emerson refused to bargain over working conditions. Jim Dishinger, plant manager, said he "could not conceive in any way justification for the charge made by the union."

Emerson and a group of employees filed a petition with the National Labor Relations Board Jan. 25 asking for a union decertification election. A hearing was set for today.

Union workers struck June 20, 1962, and have been on strike since. Emerson hired new workers and is still operating.

Emerson had not replied to the union complaint, awaiting further information on particulars from the NLRB, Dishinger said.

48 and Mrs. Ailene LaGrone was runnerup with 52 . . . Mrs. Carolyn Monts was winner of the second flight with a 61 and Mrs. Shirley Parker was next with 65.

Blevins Future took over the school Thursday with a girl taking duties of each teacher during the day . . . participating were Margaret Fulton, Faustine Fowler, Brenda Wilson, Delaine Bonds, Earline Jester, Jane White, Sharon Curman, Glenda Thurnan, Sandra Salisbury, Donna Shultz, Diane Stone, Carolyn Bonds and Pauline Fowler.

Hazel Abram, Virginia Fountain and Audine Downs attended the beauty school at Shreveport last weekend.

At Davidson College, Davidson, N.C., James Lee Roy Allison Jr., a pre-ministerial student, was initiated into Pi Kappa Phi, national fraternity . . . he is the son of Mrs. Roy Allison of Hope and the late Mr. Allison.

the devotional. Minutes of the last meeting were read by the secretary, Mrs. Fred McElroy. Mrs. Lowell Harris gave the treasurer's report. Mrs. Hendrix Spagges brought the Presidents' Message.

Mrs. Weisenbergers' 3rd grade and Mrs. Caldwell's 5th grade won the room count.

Mrs. Caldwell's 5th grade presented a very interesting program on Safety. Meeting adjourned.

Girl Scout Troop 117

Girl Scout Troop 117 met Tuesday, April 9, at Mrs. Seamans. The patrol leaders collected dues, and marked the records. They discussed their April 20 all day cook out. They also discussed the parents round up to be held April 20 at her coliseum. Mrs. Herbert Rogers is entertaining the troop with an egg hunt April 11. They formed the horse shoe, and sang taps. The meeting was adjourned at 5:00.

The Wesleyan Service Guild 1 met at the home of Mrs. R. L. McCain, with Mrs. Chas. Taylor as co-hostess, on Monday Evening, April 8, 1963.

The meeting opened with a prayer by Mrs. Roy Stephenson.

Mrs. Glenice Porter gave a brief resume of the Annual Conference which she attended recently in Pine Bluff.

Mrs. Taylor presented Mrs. Jett Bundy with a life membership pin, which was preceded by a review of the past services and devotion rendered by the recipient.

Miss Clarice Cannon in her gracious manner gave the program using "Prayer" as her subject. During the social hour the hostess served a salad plate with coffee to thirteen members.

managements would not make broad and inflationary price advances—which might in turn provoke high wage demands.

The stock market surged up and several steel issues hit 1963 highs. Analysts said investors apparently either thought Kennedy had given the steelmakers a license to go gunning for price boosts or more probably, felt he had headed off another struggle with great steel corporations.

The latter kept silent, however, and out in West Virginia the 11th ranking producer, Wheeling, still sat alone with its \$6 a ton average increase on several major products.

Steelmen generally agreed that unless major companies post matching increases within the next week or so, Wheeling would have to rescind its new price schedule.

Kennedy did not indicate in his statement how he felt about Wheeling's price boosts. Neither Wheeling nor the rest of the industry could know how extensive "selected" increases could be before the administration would view them as "general" increases.

Whether for this reason or others—including the urgent question of competitiveness with foreign steel, now making deep inroads in the U.S. market—the steel companies were moving cautiously. Many were closed today, in observance of Good Friday, and like U.S. Steel were unlikely to act until after Easter.

Production Resumed

CAMDEN, Ark. (AP)—Production has been resumed at the Aztec Trailer Company plant, which was destroyed by fire in March.

Larry M. Blaylock, plant manager, said the 20 employees of the firm had volunteered to remodel the building and that because of the action no orders were lost.

met in the Community Room of the First National Bank April 9 at 7 p. m. with six members present. Miss Emma Hartsfield gave the devotional, reading from the Book of Proverbs and Mark, using as her line of thought "Gods Love for the Sick and Afflicted."

After a business meeting there was a round table discussion on how to win new members.

Mrs. Porter Hostess

To Iris Garden Club

The Hope Iris Club met with Mrs. Buddy Porter on Tuesday afternoon, April 9. To open the meeting, the club collect was repeated in unison. The roll call was answered by telling "something new in flower arranging."

The Parabolic Curve was explained by Mrs. Porter.

After a routine business meeting conducted by the president, Mrs. Porter, a most interesting and instructive program was presented by Mrs. Lahroy Spates. It dealt with the May flower show, "Out of This World." Constructive criticism was given to interpretive arrangements brought by the members.

In the flower arrangement judging, Mrs. Harold Stephens was first, and Mrs. Richard Arnold was second. There were 14 members present and one guest, Miss Velma Goss. They were served cookies and coffee for refreshments.

Cheney Finds Strike Zone, Has One Hitter

By MIKE RATHET

Associated Press Sports Writer

Tom Cheney, a poor man's Sandy Koufax, may have been handed the key to the strikeout storehouse when the strike zone was enlarged.

The fireballing right-hander in his first start allowed only one hit—an infield single—and struck out 10 while Don Leppert provided support with three consecutive homers in Washington's 8-0 victory over Boston Thursday night.

Cheney could be the American League's answer to Dodger Koufax now that the strike zone has a few extra inches.

"Tom's fast ball rises," says Manager Mickey Vernon, "and he'll be getting a lot of strikes this season than previously just missed the strike zone."

Cheney, 28, 7-9 last year with 147 strikeouts in 173 innings, overpowered the Red Sox, allowing only two base runners. Ed Bressoud beat out the only hit to deep short in the fourth inning and Bob Tillman drew a walk in the sixth.

It was a pitcher's day all around. Don Mossi tossed a two-hitter a Detroit whipped Cleveland 6-1, Milt Pappas allowed only five hits in Baltimore's 4-1 tri-

Travelers Close Spring Training

DADE CITY, Fla. (AP) — The Arkansas Travelers closed their final day of spring baseball training Thursday with an 11-4 loss to the Syracuse Chiefs.

John Boozer went the first seven innings on the mound for the Travelers. It was the longest period any Traveler pitcher has worked this spring.

Boozer struck out seven and allowed 16 hits.

"He needed the work," Manager Frank Lucchesi said. "He didn't get to pitch much over at the big camp. Today he was just a shade off — he wasn't keeping the ball down."

Traveler first baseman Bill Romain kept the Chiefs on edge all afternoon. He had three drives to right center field near the 400 foot mark. One was good for a home run, the others for doubles.

The Travelers added catcher Bill Heath and pitcher Larry Cutright to their take-home list and announced that veteran right-hander Frank Barnes would join the team in Little Rock.

the team returns from vacation April 22.

"This will be the first time squad alignments will mean anything," Broyles said. Up till now we have been experimenting and a lot of boys have gotten higher positions by default because of injuries."

Broyles said a day off from practice Wednesday and a light 2-hour session held Thursday were intended to reduce the injury list, which totaled 15 at last count.

The coach said his only word to the players about spring vacation was "to have good time."

Today's scrimmage session will be the last big scrimmage before the coaching clinic in Fayetteville April 26. A May 4 Red-White game is scheduled in Fayetteville and a May 9 Red-White game is scheduled for Little Rock.

Miss Lona Fabiola, European star, is seen entering the Big Top of the Kelly Miller Circus for the grand entry march. This large wild animal circus will appear in Hope on Sunday, April 14, sponsored by the Hope Jaycees.
